

Dear Business Associates,

Istanbul, 31.01.2022

When Company founded 36 years ago one of the first policies, we had setup was Environmental Sensitivity, We remember our old Policy announced and it has been a prime rule for our operations since then. Years passed now we are, 36 years old.

Climate change and other effects of insensitivity damages our world. New rules to pay attention to our countries has become more important and Rules set up. All our staff are very careful and take precautions not to hazard our seas.

Apart from serious environmental Policies, we have taken one more step and reduced our carbon Foot print to minimum possible level, and received our ESI Certificate for our ships and offices.

Happy to announce a Greener Mastership, and a Greener Logo,

Celal Akata
